WELCOME TO ALGEBRA 2X!

My name is Kayla Stuber and I will be your child's math teacher this year! This is my second year here at ACS, but this will be my sixth year teaching. After working in two other districts, I have such an appreciation for what a special place ACS is and I feel so honored to be able to be a part of the community.

I am so excited for this new school year and I am looking forward to getting to know your child this year. Each month you can expect a monthly newsletter from me, outlining important dates and a brief overview of what students will be learning. Please feel free to reach out via my contact info attached if you ever have any questions!

As their first assignment, students are required to have their guardian sign the class syllabus. It will be due on the second day of school. At this time, students will also have the option to sign-out a calculator to keep at home if they do not have one.
